

TECHNICAL ADVISORY COMMITTEE MEETING No. 1

April 25, 2022, 11:30 am – 1:00 pm, via Teams

Meeting Objective

To introduce the study, technical stakeholders, and the PEL study process. Discuss the study vision, review background materials and other data, and discuss the emerging themes that will form the purpose and need statement.

Agenda

- 11:30 am Welcome, team introductions, agenda outline
- 11:35 am Roll call and introductions: participants and the organizations they represent; their involvement or interest in the study
- 11:45 am Study introduction: overview of the Juneau Douglas North Crossing PEL Study, purpose of a PEL study, schedule (including Open House No. 1 save-the-date), how this meeting ties into the open house
- 12:00 pm Study area, background, and existing conditions
- 12:10 pm What is a Purpose and Need statement and why is it important?
Review of emerging themes
- 12:15 pm Moderated discussion in three (3) breakout rooms:
Draft Purpose & Need (where, what, why, how)
- 12:35 pm Return to larger group for discussion
- 12:50 pm Partnering Agreement
- 12:55 pm Wrap up, action items, next steps

Note: Please participate in the meeting using the Teams desktop application, the web version, or Teams mobile app. You will NOT be able to participate in the breakout rooms if you dial into the meeting by phone or use the “call me at” feature.
